IDArb: Facilitating Arbitration for International  
Distribution Disputes

Geneva, 7 November 2017, 16:15-20:00

International Distribution Institute

# Facilitating the recourse to arbitration in distribution disputes

Identifying arbitrators experienced in the field of distribution

Adapting arbitration procedure to the needs of distribution disputes

# Selecting experienced arbitrators

In order to make an equitable award the arbitrator must understand the business

A list of names with all necessary information can help parties to identify prospective arbitrators and to agree on the name with the other party

International Distribution Institute

# Adapting the SCAI expedited procedure to distribution disputes

Especially for small claims, a cost-effective expedited procedure can favour the choice of arbitration instead of court litigation

The IDArb recommendations intend to make the expedited procedure more effective

# Circulating experience between IDArb arbitrators

Training courses on:

- developments in distribution law
- effective management of expedited IDArb-SCAI arbitration
